The Grand July of the Kings County Court of Sessions presented to County Judge Moore yesterday morning indictments against Joseph Loader and John J. Price for perjury. The papers were exceedingly voluminous, there being 26 closely-written pages of footscap in the one against Londer and 33 in that against Price. They were signed by District-Attorney Britten, who was present on behalf of the people. The indictment against Loader is substantially as follows:

## ACTION OF THE ALDERMEN.

THE PARADE GROUND OPPOSED-AUTHORITY FOR FILLING HARLEM FLATS-SUGGESTIONS TOWARD

At the meeting of the Board of Aldermen yesterday, Alderman Morris presented a preamble and resolution stating that proceedings have been taken to have commissioners appointed by the Supreme Court in the matter of a parade ground in the upper part of the city; that similar proceedings had been previously dis-continued by the Department of Public Parks; that in view of the present depression in business and the neces-sity for avoiding unnecessary expenditure and the in-crease of the public debt, as the estimated cost is about \$1,500,000, to be added to the city debt, and for maintenance about \$25,000 annually, the Department of Parks be requested to discentinue the proceedings, and the Counsel to the Corporation be requested to withdraw the pending application for the appointment of Commissioners, and the Supreme Court be requested not to appoint them. The resolutions were

referred to the Committee on County Affairs. A communication was received from the Mayor, transmitting one from Commissioner Porter, calling attention

A communication was received from F. M. Bixby, announcing that he had resigned his position as Commissioner of Armories and Drill-rooms. Police Justice Kasmire sent a letter stating that he had been called on by a large number of persons who had been bitten by dogs running at large, and he suggested that the Board of Alfermen should take some action in the matter.

The standing committees to whom the affairs of the city departments are assigned were directed, by resolution, to make inquiries with a view of ascertaining whether a reduction of the clerical force and where persons employed cannot be brought about without detriment to the public business. A resolution to regulate, grade, and pave Riverside-ave. A resolution to regulate, grade, and pave Riverside-ave. From Beventy-second-st. to the northerly side of Eighty-eightu-st. to One-hundred-and-thirtleth-st. under the direction of the Department of Public Paris, by contract or by days work, as the Department may deem best, was lost for want of a three-lourths vote, the seven Republican members present voting in the negative.

The general order providing for lessing the third story

of the Tribune Building at an annual rent of \$5,500 for offices for the Corporation Counsel was called up. Alderman Billings thought it would be inoperative, because the order provides for leasing the premises from May 1. Alderman Purroy moved that it be changed to read from Aug. 1. This was carried. A vote was then had on the question of the lease, and it was lost by a vote of 11 in the affirmative to 6 in the negative, lacking a three fourths vote.

DEBT UNEXPLAINED. The Legislative Committee on the affairs of the Quarantine and Emigration Commissions began taking testimony at 11 a. m. yesterday, in the rooms of the Commissioners of Emigration, at Castle Garden. The examination was conducted by L. C. Waehner. The Committee adjourned at half-past 2 o'clock, with the understanding that Mr. Jackson, Secretary and Treasurer of the Emigration Commission, would prepare a statement, for the session this afternoon, of the actual receipts of the Department from Jan. 1, 1870, to June 30, 1875. The only discovery of importance made in the examination yesterday was that while the annual reports showed an excess of receipts over expenditures, the department was each year running more deeply in debt. Mr. Jackson was the only witness called. A communication from State Controller Ropkins was

read. The Committee on July 9 called on the Controller to furnish them with "transcripts of all vouchers and certified copies of all reports of the Health officers and Commissioners of Quarantine from and including the year 1864 to this time filed in his office," and also "the certified reports and correct transcripts of all youchers of the Jeint Committee on Quarantine Boundaries between the States of New-York and New-Jersey, or the reports of the Commissioners on the part of the State of New-York during the same period filed in his office." Controller Hopkins says in reply that to furnish the Committo with the desired details the services of four or five men for two months would be necessary, and that he has no appropriation from which to pay for such services. The clerks employed by him have not time to do the work. He will be glad to give the Committee, or a sub-Committee of their number, every opportunity for inspecting any documents or vouchers they may desire. Assembly man Schuy

ler was appointed a sub-Committee to examine the vouchers, &c., in the Controller's office.

H. J. Jackson was sworn. The principal property belonging to the Commissioners, he said, consisted of the 120 acres of land with the buildings thereon in Ward's Island, and the four acres of ground for the Marine Cemetery on Staten Island. The Castle Garden property is leased by the Commissioners from the city at an aunual rental of \$12,000. The gross receipts, disbursements, and appropriations since have been as follows:

ACTION OF THE ALDERMEN. Commissioner Smith presided at the trial of policemen yesterday. Officer Beruard Cahill of the Sixaccompanied by Officers Hillman and Hubbard, took him to the station-house, where he was locked up. On the following morning he was fined \$10.

Mrs. Chrystie, Mr. Gorman's sister, testified that she heard the blows of the club upon Mr. Gorman's head and body. Blood was spattered about in all directions in the tailor's store, and she feared that her brother would due of his highries. In spite of every remoistrance the only partially conscious man was taken afterward to the police station and locked up. Mrs. Gorman corroborated the testimony of Mrs. Chrystie and her husband in all the important particulars, and five or six of the neighbors, including those who had taken Mr. Gorman into the house after he was clubbed, testified substantially to the foregoing facts.

house after he was clubbed, testified substantially to the foregoing facts.

Officer Cahill testified that after telling Mr. Gorman and his brother to go into the house they attacked him. He did not deny that he knocked Mr. Gorman senseless into the gutter, but endeavored to show that he had done the clubbing in self-defense. He also said that he took Mr. Gorman to the station within five minutes after the clubbing. Officer Hillman testified that he was obliged to support Mr. Gorman, who was intoxicated, by holding up his shoulders while taking him to the station. Commissioner Smith, however, by a little keen cross-examination brought out the fact that this inability to walk properly might have been a result of the clubbing. The case was referred to the full Board of Police Commissioners.

### A GERMAN FESTIVAL AT UNION HILL. SPORTS OF THE ANNUAL MEETING OF THE JERSEY SCHUETZEN CORPS.

The thirteenth annual festival of the Jersey Schuetzen Corps was held this week at Schuetzen Park, at Union Hill, N. J. It began on Tuesday morning, and closed last evening with a bail and Summer night's fes-tival. One of the features of the festival was bowling, for which prizes were given to the amount of \$85 on Tuesday, \$75 on Wednesday, and \$100 on Thursday. On the first day the first prize, \$20, was taken by H. W. Vrummer; on Wednesday the first prize of \$15 was awarded to H. W. Nolte. The shooting was the great attraction, and the members of the corps, in their green coats and peacock-plumed hats, kept up a continual firing at the various targets. The firing closed at 4 p. m., yesterday, when the numerous prizes were distributed. At the Target Union the first prize, \$30, was given to George Schalk; the second prize, \$25, to Jacob Aeschback, and the third prize, \$20, to William Hayes. The

After the shooting was finished, John Schneider of New-York was crowned King of the Festival, he having won the gold medial. Miss Anna Gerdts, a little girl 10 years old, delivered a long oration in German. At its close she was presented by the Corps with a gold neckinee and locket. The Corps also presented a gold medial to T. C. Duirkoop, President of the Schuetzen Liedertafel. The evening was spent in dancing.

THE ANTI-CUSTOM-HOUSE ORGANIZATION. PROGRESS IN THE ASSEMBLY DISTRICTS, AND 'IN-CREASE OF NUMBERS REPORTED-OBJECTS OF

THE NEW MOVEMENT. The anti-Custom-house Republican organization held a meeting last evening in the Bowery Hotel, at Bowery and Sixth-st. It is asserted by the officers that all the Assembly Districts in the city were represented, and that the members of the organization are lawyers, doctors, merchants, and the better class of mechanics, many of whom object to the publication of their names. The majority has voted against admitting reporters to former meetings, and when the question of their admis-

former meetings, and when the question of their admission was brought up last evening the larger number of those present were still opposed to it, although they agree that their work shall soon be made public. S. N. Lecomte of No. 216 Greenwich-st, presided, and Henry C. Atwood of the VHIth District, was Secretary.

The Sub-Committee on Organization, composed of Eli Taylor, John Foley, Andrew Gillispie, and Henry Colman, reported that all the districts are in good working order, and that many Republicans of position and stability are coming forward to join the organization. The Custom-house politicians, said the Committee, are bidding high for the members, as fast as it is discovered who they are, but the organization is not composed of office-holders or office-seekers, and the bids are therefore unsuccessful. Dr. J. Heime, sen., of the XVth District, made a brief speech, in which he said that the numbers must fearlessly enter the combat against the Custom-house clique and refuse submission to mi-Republican measures. The movement was not to be looked upon by Republicans as sinister—one that would be rewarded by office—but as an effort to reform the Republican party and bring it back to the standard of nonesty and parity adopted by it in its early struggle for power.

It was explained by other members that the organiza-

It was explained by other members that the organization proposes to send delegates to the State Convention from an independent Committee of its own, and this degation will contest the scats of the Custom-house delegates. Primary elections will soon be held in each district.

### MUNICIPAL MATTERS IN BROOKLYN. TWO OF MAYOR HUNTER'S VETOES OVERRIDDEN AND

TWO OF HIS NOMINATIONS CONFIRMED. The Brooklyn Board of Aldermen held an adjourned meeting, with Acting President O'Reilly in the chair, yesterday afternoon. The Council Chamber was filled with politicians. Alderman Black presented a petition from four property owners, asking the Board to sustain the Mayor's veto of Board to sustain the Mayor's veto of the resolution to award a contract to repave Bridgest, with improved Belgian pavement, on the ground that cobblestone would be cheaper, and would answer the purpose. The veto was overridden, however, by a vote of 24 to 9. The veto of the resolution to increase the pay of firemen from \$900 to \$1,000 per year was overridden by a vote of 28 to 5. On this question the Mayor took the ground that there was no money applicable to the purpose, and his oppenents claimed that a fund could be found from which the increase could be taken, or certificates of ind-btedness could be issued until the sum could be placed in the tax levy. levy.

A communication was received from the Mayor, nominating City Assessor William A. Furey (Dem.) for Collector of Taxes and Assessments, in place of Lennel Burrows. (Rep.) On the motion of Alderman Ropes, the nomination was confirmed by a vote of 25 to 4. The Mayor also nominated ex-Alderman Charles Kiehl of the Sixteenth Ward for City Assessor, in place of Mr. Furey, and the nomination was unanimously confirmed. The special Committee appointed to consider the proposed change of the route of the Elevated Railroad Company having failed to agree, made no report. The Board adjourned until the first Wednesday in August.

THE GIFT FROM FRANCE OF LAFAYETTE'S STATUE.

The statue of Lafayette, the gift of the French Government to the City of New-York, was brought to this port in the steamship Amerique on Wednesday, in charge of A. Salmon, President of th Cercle Française de l'Harmonie. The statue was ordered in 1871, and after it had been completed, the shipment was delayed on account of failure to authorize any one to pay for the necessary expenses of its boxing and transportation. Mr. Salmon, during his recent visit to Paris, assumed this expense, and an order was immediately issued by the French Minister of Fine Aris authorizing the shipment of the statue to New-York. It is the work of Frederic Bartholdi, a native of Colmar, in Alsace, and is seven feet high exclusive of the pediment. The project of presenting this statue to New-York originated with the Thiers Government, and nearly \$30,000, gold, was appropriated for its execution in bronze.

The design of the sculptor represents Gen. Lafavette in his twentieth year, at the time when he joined the Continental Army. He stands upon a ship as if in the act of speaking. His right arm is extended, and the left is thrown across his chest, with the hand grasping the pommel of his sword and a mass of drapery which falls at his feet. The body is firmly posed upon the right foot, while the left leg is extended. The head is slightly turned to the right. The statue will be placed in Central Park, and the unvailing will probably take place early in the Fall. The project of presenting this statue to New-York orig-

Investigating Crime. The testimony of the captains is to be heard to-day. Arrangements have been made to earefully, and charges are to be preferred by them against members of the force who may appear to be raplicated in improper acts. It is understood that Martinot's in improper acts. It is understood that Martinot's testimony has been received by Superintendent Walling and that charges are now being prepared from it. These charges are to be heard very soon, and it is understood that several members of the police have been implicated whose names have not been mapplicated whose names have not been made public in this matter before. One of the greatest drawbacks in previous investigations has been the inability of the Board to compel the attendance of witnesses. It is stated, however, that the judges of the Supreme Court have deeded that the Commissioners have the power to grant attachments in such cases, and the Board will probably test the matter soon.

CONCLUSION OF THE KEHOE MURDER TRIAL The trial of Patrick Kehoe for the murder of his wife was concluded in the Hudson County Court of Oyer and Terminer yesterday. District-Attorney Garretson closed his summing up. In the charge to the jury, Judge Knapp referred to the necessity for the prompt trial of criminal cases while the occurrences were fresh in the minds of the witnesses. This case had been brought to trial expeditiously, yet not too soon to allow the defendant full justice. In reviewing the testimeny, Judge Knapp directed special attention to that portion which seemed to corroborate the testimony given portion which seemed to corroborate the testimony given by the prisoner's son, and cautioned the jury to make full allowance for his age, confusion, and liability to forget-fulness. After rem fining out about fiftee hours, the jury returned with a verticit of murder in the second degree. While the jury were coming in, the prisoner was very un-easy, and repeated Catholic prayers nervously. He was remanded for sentence until Monday.

ASCENSION THE WEST END-WILD IDLE'S VIC-TORY OVER DUBLIN-SANFORD'S MATE WINS THE LONG BRANCH STAKES-ALL THE FAVORITES

WINNERS. Yesterday was the last day but one of the Long Branch races. Two thousand people were in at-tendance. The favorites won every race, the chances being so much in their favor that the betting was not so brisk as usual. The Thespian Stakes were won by Faith-less; Ascension gained the West End Hotel Stakes; Wild Idle wrested the \$2,000 Grand Jockey Club Purse from Dublin, and Sanford's Mate won the Long Branch Stakes. The last race, for gentlemen riders, attracted much in terest among the ladies. Dion Boucicault, jr., won the race with The Hoaxer. Men do not make so graceful an appearance on racing borses as the small and ulmble jockeys. This race excited much mirth, and those who lost money on it repaid themselves by laughing.

The two came down the homestretch in fine style, Wild Idle winning the beat and race in 3:474. Mutual pool tickets paid \$5.60 on the second heat. THE LONG BRANCH STAKES.
